- 42. (Cancelled)
- 43. (Cancelled)
- 44. (Cancelled)
- 45. (Cancelled)
- 46. (Cancelled)
- 47. (Cancelled)
- 48. (Cancelled)
- 49. (Cancelled)
- 50. (Cancelled)
- 51. (Cancelled)
- 52. (Cancelled)
- 53. (Cancelled)
- 54. (Cancelled)
- 55. (Cancelled)
- 56. (Cancelled)
- 57. (Cancelled)
- 58. (Cancelled)
- 59. (Cancelled)

- 60. (Cancelled)
- 61. (Cancelled)
- 62. (Cancelled)
- 63. (Previously Added) A weatherseal for an automotive vehicle, the weatherseal having a metal reinforcement, the weatherseal comprising:
- (a) an uncured peroxide curable rubber layer on the metal reinforcement, the uncured peroxide curable rubber layer including one of a polybutadiene and a (meth)acrylate; and
- (b) an uncured sulfur curable rubber layer on at least a portion of the uncured peroxide curable rubber layer.
- 64. (Previously Added) The weatherseal of Claim 63, wherein the uncured sulfur curable rubber is EPDM or EPM.
- 65. (Previously Added) The weatherseal of Claim 63, wherein the uncured peroxide curable rubber layer includes an insulator to reduce galvanic corrosion of the metal reinforcement.
- 66. (Previously Added) The weatherseal of Claim 63, wherein the uncured peroxide curable rubber layer includes a polybutadiene.
- 67. (Previously Added) The weatherseal of Claim 63, wherein the uncured peroxide curable rubber layer includes (meth)acrylate.
- 68. (Previously Added) The weatherseal of Claim 63, wherein the uncured peroxide curable rubber layer includes both a polybutadiene and a (meth)acrylate.
- 69. (Previously Added) The weatherseal of Claim 63, wherein the uncured peroxide curable rubber layer directly contacts the metal reinforcement.
- 70. (Previously Added) The weatherseal of Claim 63, wherein the uncured sulfur curable rubber layer directly contacts the uncured peroxide curable rubber layer.

- 71. (Previously Added) The weatherseal of Claim 63, wherein the uncured sulfur curable rubber layer encapsulates the uncured peroxide curable rubber layer.
- 72. (Previously Added) The weatherseal of Claim 63, wherein the uncured peroxide curable rubber layer encapsulates the metal reinforcement.
- 73. (Previously Added) The weatherseal of Claim 63, wherein the uncured peroxide curable rubber layer includes maleinated polybutadiene.
  - 74. (Previously Added) An automotive vehicle weatherseal, comprising:
  - (a) a metal reinforcement;
- (b) an uncured peroxide curable bonding veneer bonded to at least a portion of the metal reinforcement; and
- (c) an uncured sulfur curable rubber layer on at least a portion of the uncured peroxide curable bonding veneer.
- 75. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the uncured peroxide curable bonding veneer includes a polybutadiene.
- 76. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the uncured peroxide curable bonding veneer includes (meth)acrylate.
- 77. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the uncured peroxide curable bonding veneer includes a polybutadiene and a (meth)acrylate.
- 78. (Previously Added) The automotive vehicle weatherseal of Claim 74, further comprising a insulating tiller in the uncured peroxide curable bonding veneer.
- 79. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the metal reinforcement is one of a steel, stainless steel, aluminum or a galvanized steel.
- 80. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the uncured sulfur curable layer includes one of EPDM or EPM.

- 81. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the uncured peroxide curable bonding veneer directly contacts the metal reinforcement.
- 82. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the uncured sulfur curable rubber layer directly contacts the uncured peroxide curable bonding veneer.
- 83. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the uncured sulfur curable rubber layer encapsulates the uncured peroxide curable bonding veneer.
- 84. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the uncured peroxide curable bonding veneer encapsulates the metal reinforcement.
- 85. (Previously Added) The automotive vehicle weatherseal of Claim 74, wherein the uncured peroxide curable bonding veneer includes maleinated polybutadiene.
  - 86. (Previously Added) An automotive vehicle weatherseal, comprising:
  - (a) a metal reinforcement;
- (b) an uncured peroxide curable bonding veneer bonded to at least a portion of the metal reinforcement; and
- (c) an uncured non-peroxide cross linkable elastomer layer on at least a portion of the uncured peroxide curable bonding veneer.
- 87. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the uncured peroxide curable bonding veneer includes a polybutadiene.
- 88. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the uncured peroxide curable bonding veneer includes (meth)acrylate.
- 89. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the uncured peroxide curable bonding veneer includes a polybutadiene and a (meth)acrylate.

- 90. (Previously Added) The automotive vehicle weatherseal of Claim 86, further comprising a insulating filler in the uncured peroxide curable bonding veneer.
- 91. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the metal reinforcement is one of a steel, stainless steel, aluminum or a galvanized steel.
- 92. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the uncured non-peroxide cross linkable elastomer layer includes one of EPDM or EPM.
- 93. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the uncured peroxide curable bonding veneer directly contacts the metal reinforcement.
- 94. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the uncured non peroxide cross linkable elastomer layer directly contacts the uncured peroxide curable bonding veneer.
- 95. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the uncured non peroxide cross linkable elastomer layer encapsulates the uncured peroxide curable bonding veneer.
- 96. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the uncured peroxide curable bonding veneer encapsulates the metal reinforcement.
- 97. (Previously Added) The automotive vehicle weatherseal of Claim 86, wherein the uncured peroxide curable bonding veneer includes maleinated polybutadiene.
